TRIS MISSION NEED STATEMENT

Ots Registry
File: Zacorda

1 2 JUL 1982

| | MEMORANDUM FOR: | Deputy Director for A | dministration | |
|------|--|--|-------------------------|----------|
| STAT | FROM: | Director of Information | on Services | |
| | SUBJECT: | TRIS Mission Need Statement | | |
| | | • | | * |
| | 1. I have attached for your information and retention a copy of the TRIS Mission Need Statement prepared jointly by the Office of Information Services and the Office of Data Processing as a major first step in the development of a standardized, Agency-wide computer-based records accounting system. TRIS, which is an acronym for The Records Information System, is envisioned as a network of integrated subsystems that facilitates standardized records accounting practices in the Agency. We believe TRIS will benefit all our employees by providing a greatly improved method of records inventory and control. | | | |
